Uge 7 / week 7

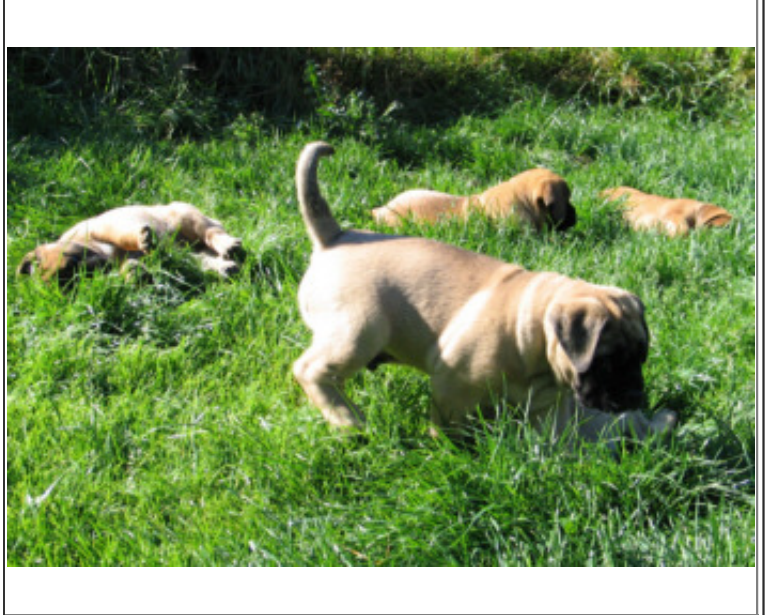

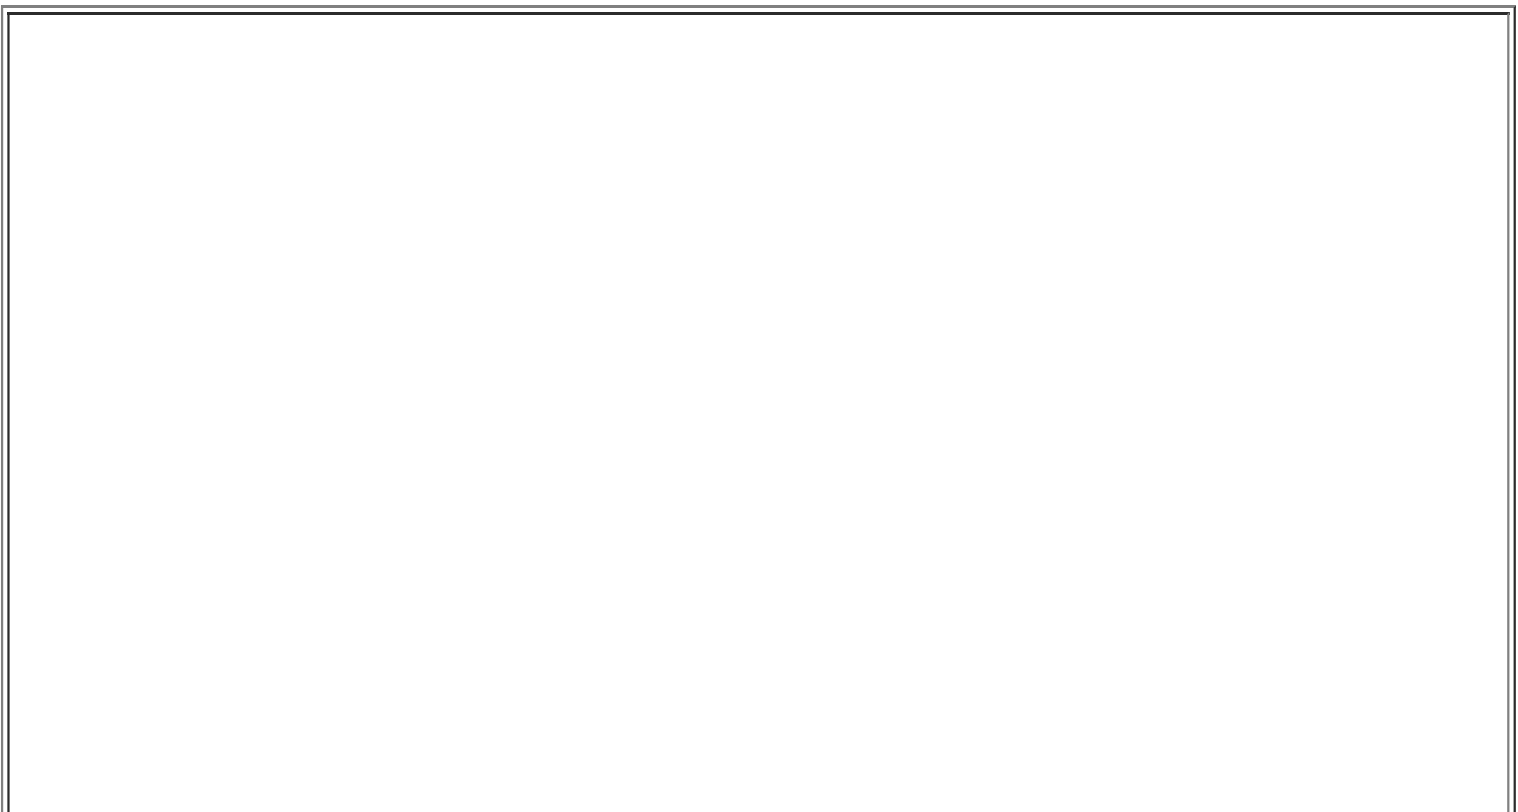

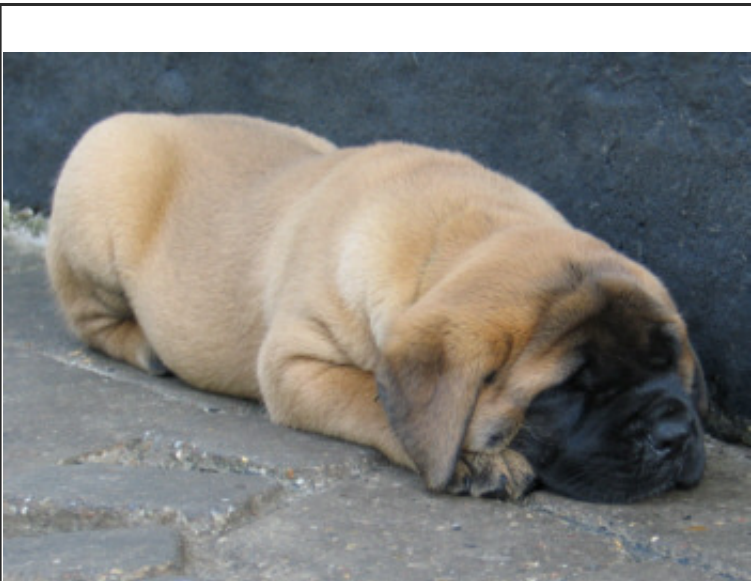

Uge 6 / week 6

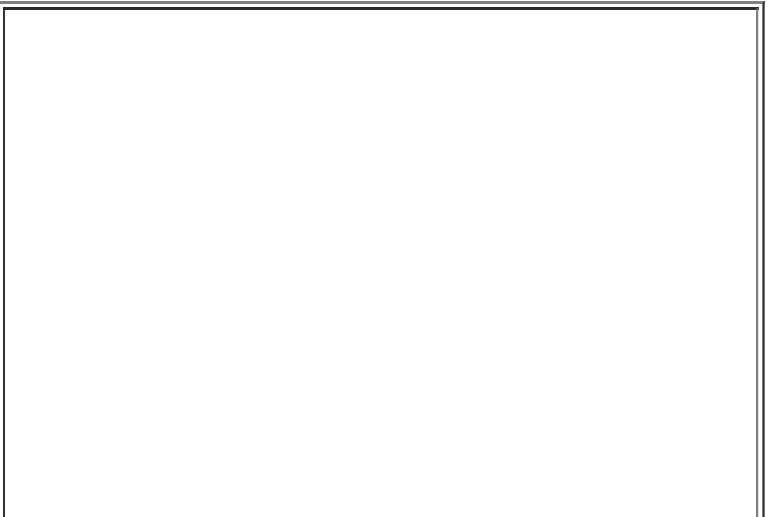

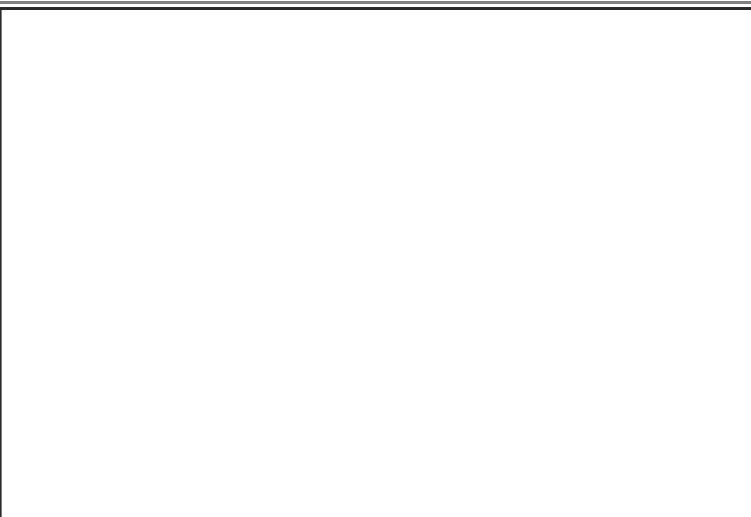

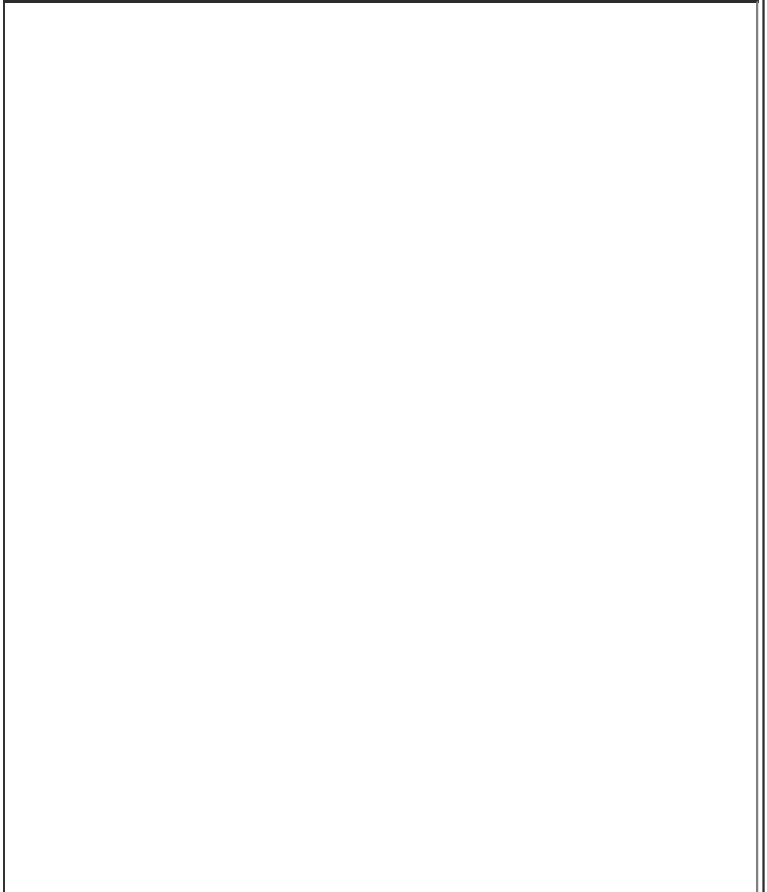

Uge 5 / week 5

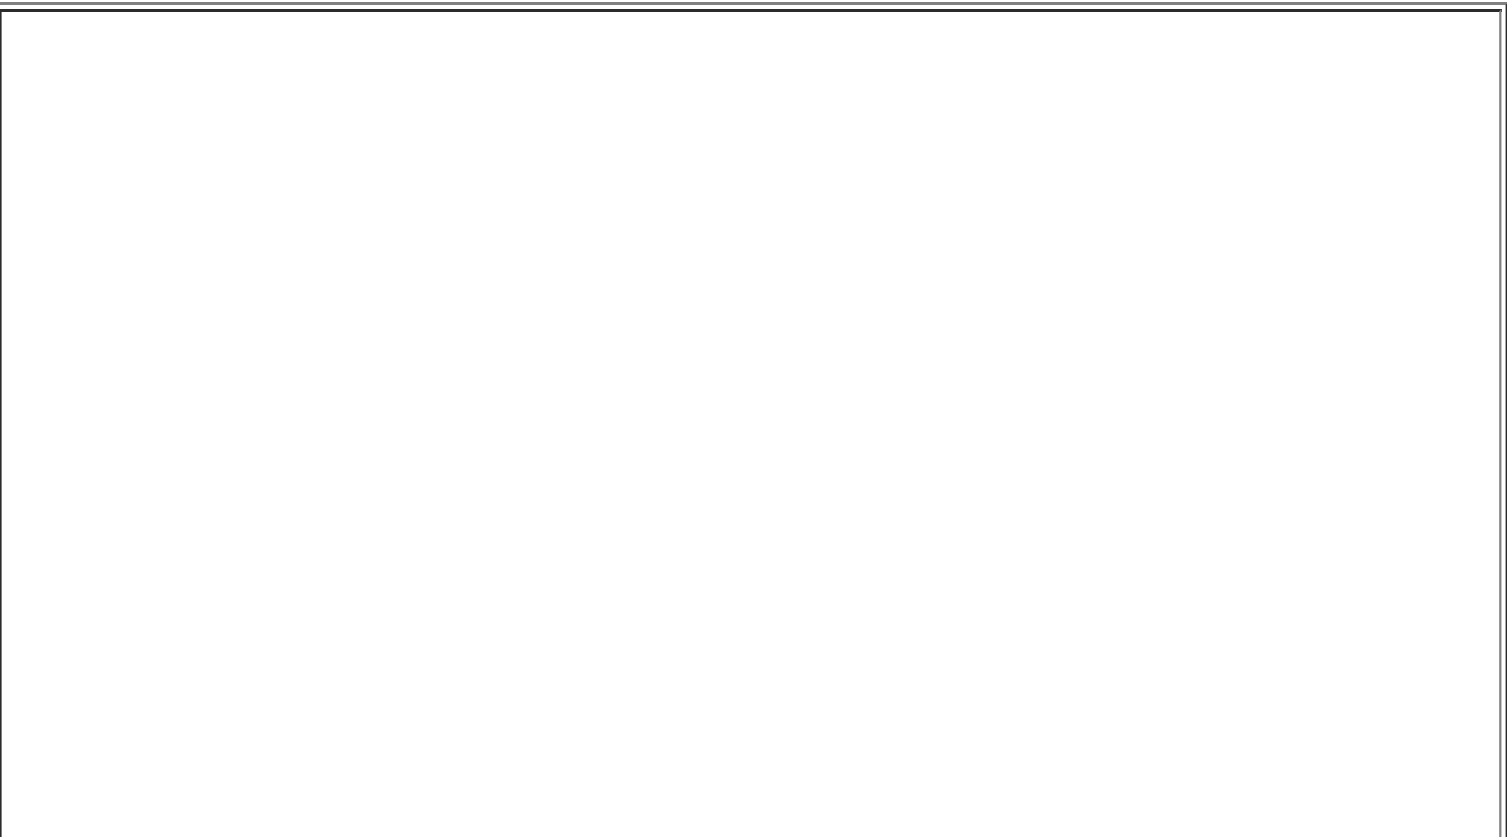

Uge 4 / Week 4

Hvalpene nyder det gode vejr og er nu begyndt at komme ud i den store verden. Yeti er stadig en super mor. / Though not much summer weather in DK the puppies enjoy outdoor life from time to time. Yeti is still a super mom.

Hvalpene er nu 3 uger og de begynder at lege og interessere sig for omgivelserne. De spiser nu godt og Yeti er stadig den perfekte mor med masser af mælk./3 weeks starting to play and explore the surroundings. Eating by themselves and still get plenty of milk from super mommy Yeti.

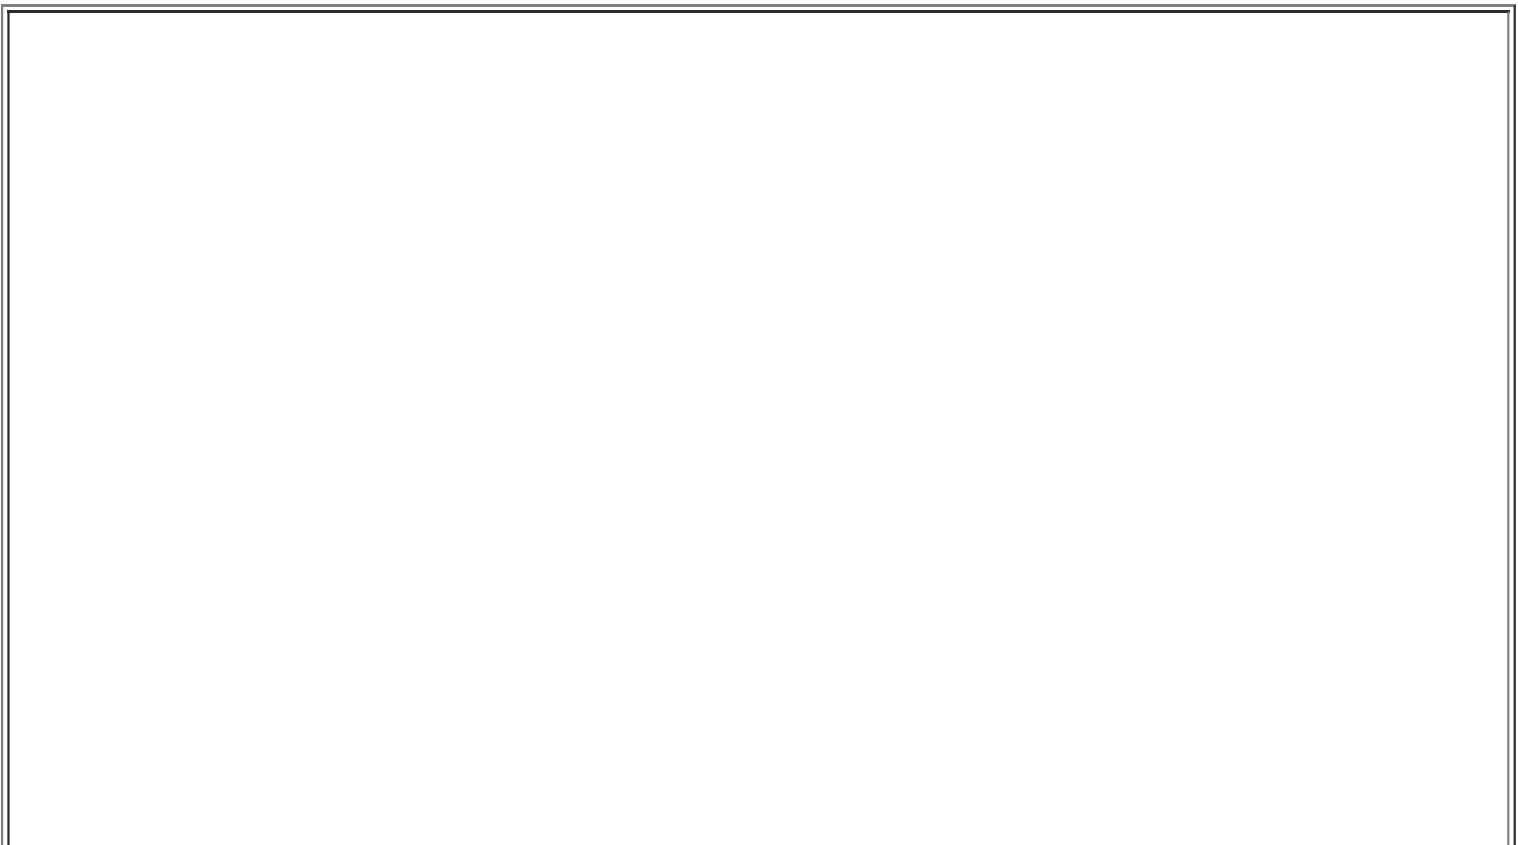

Uge 2 :Øjnene er ved at åbne sig og hvalpene begynder at komme op på deres ben. De bevæger sig nu over hele hvalpekassen.

Week 2: Eyes have started to open and the puppies are up on their legs moving around in the whelpingbox.

Uge 1 - week 1.
